

Experience the Ambulatory Infusion Suite (AIS) difference

option care health™

Infusion Suites

Your trusted infusion provider for patient transition

Option Care Health Ambulatory Infusion Suite (AIS) locations are safe and convenient for patients to receive infusion therapy. Each of our AIS facilities feature dedicated healthcare professionals committed to providing the highest quality of care for patients throughout the duration of their treatment.

Convenience

- Over 100 AIS locations across the country¹
- Flexible scheduling options to fit patient needs, including evenings and weekends*
- Practical choice for patients who may not want to be infused at home
- Comfortable, private or semi-private rooms with amenities such as WI-FI, TVs and light snacks
- Easily accessible, free parking on-site
- Transportation support services available in select areas

Confidence in care

- Option Care Health is accredited by the Accreditation Commission for Health Care (ACHC) and has been providing infusion services for nearly 40 years
 - Safe alternative to hospital based care for patients prescribed biologics and other complex infusion therapies²
 - A dedicated team of clinical experts stay with your patients for the duration of their therapy
 - Clinical trial management
 - Medications administered by highly skilled nurses specifically trained in infusion therapy
 - Regular communication with patient physician concerning treatment progress
 - Proactive scheduling
 - Appointment reminders to ensure compliance
 - First dose protocols
-

Infusion and injectable therapies available for:

- Allergy & Immunology
- Dermatology
- Gastroenterology
- Neurology

Streamlining and removing administrative burdens

- Verify insurance eligibility or benefits and may secure health plan authorization for all referred patients
